New York, February 25.-Money on call easy at 1½2 per cent. Prime mercantile paper 4'45. Sterling ex-change dull but steady at 487½ for 60 days, and 489l for demand. Bonds - Government bonds were

quiet but strong, especially for the 4s, which are I higher. State bonds were steady to strong on small business Railroad bonds continue only moderately active. Sales, \$2,244,600, of which the Erie issues contributed \$77,500. The market was strong until late in the afternoon, when it yielded in sympathy with stock, leaving prices generally fractionally higher, with a few important declines.

Stocks were dull and the business widely distributed, except St. Paul and Lake Shore, which furnished 51,-

200 shares. The fluctuations in values were about as unimportant as the amount of business done. As a rule the opening prices were 1 to 1 lower than yesterday's closing, and the low-est prices to-day were made during the last hour, but there was a moder ate display of strength in the final dealings, and closing quotations are at medium figures. The market closed strong; and in most cases firm and I to f lower than yesterday. St. Paul is down I, while the ex-Villards are a shade higher and Manitoba is up I.

The news was unusually meager. President Hoyt of the Pennsylvania Coal Company is quoted as saying: Trade is dull and prices are still demoralized. There are no signs yet of any effort of the coal companies to form a combination. The papers are reporting the formation of such a comnation, but it is all in Wall street and has not reached us yet.

The total sales of stocks to-day were 296,670 shares, including Delaware, Lackawanna and Western, 79,000; Delaware and Hudson, 6275; Erie, 30,175; Kansas and Texas, 4010; Lake 20,155; Northwestern, 4570; New Jersey Central, 20,260; Pacific Mail, 5425; Reading, 39,000; St. Paul, 31,060; Union Pacific, 3150.
